

Heart of the Community Award

is presented to

enCourage Kids Foundation

Story: Since 1985, enCourage Kids Foundation has helped humanize healthcare for children and their families by resourcing impact-driven pediatric programs and supporting the child life community. Serving more than one million children annually, enCourage Kids is focused on making hospitals a better place to get better. Their programs offer relief from the constant burden of treatment, hospital stays, and doctor appointments, while also helping pediatric facilities to meet the unique needs of their patients.

enCourage Kids Foundation envisions a world where every child—regardless of the difficulty of his or her medical journey—experiences joy, hope, resilience, and healing.

Jaspan Schlesinger LLP supports the work of the enCourage Kids Foundation and is proud to contribute so that their mission may be furthered.
