### ABOUT MONDAYS AT RACINE

The foundation provides proven mind-body derived health, beauty and wellness services to women, men and young adults undergoing treatment for any kind of cancer; all 100% free of charge.

With over seventeen oncology specific services aimed at improving overall strength and reducing anxiety, the focus is on the whole person, not just the disease. The services are based at locations all across Long Island and New York.

### WORKING WITH JASPAN SCHLESINGER

Jaspán Schlessinger LLP is proud to support Mondays at Racine so that their mission may be furthered.
