Paws Unite People

Paws Unite People (PUP) is a not-for-profit organization founded in April 2013. Its mission is simple - support animals and the people who love them when they need it the most. PUP assists shelter, abused, and neglected animals in finding their purpose in life through rehabilitation and training.

Paws Unite People's goal is always to help animals and the people who love them, to create programs designed to benefit both people and animals in their daily life interactions. PUP believes both human and animal alike deserve assistance and a second chance.

PUP strives to be a resource for rescue groups by providing assistance, training, and education to their members and rescue volunteers. Jaspan Schlesinger is proud to support PUP's mission.
