

Heart of the Community Award

is presented to

Rosemarie K. Witter Foundation

The Rosemarie K. Witter Foundation is a not-for-profit organization dedicated to promoting medical research in finding effective treatment, leading to a cure for Lupus. The Rose Garden Scholarship Fund helps the Foundation award scholarships to women afflicted with Lupus, who are pursuing a college degree in the areas of engineering, science, mathematics, medicine or law, thus assisting them financially to pursue their education.

Partner Frank Dell'Amore has supported the efforts of the Rosemarie K. Witter Foundation for many years so that their mission may be furthered.
