

Shannon E. Boettjer, Esq., Partner, Jaspan Schlesinger Narendran LLP has earned AIGP certification

Garden City, New York – October 16, 2024 – Shannon Boettjer, Partner, Jaspan Schlesinger Narendran LLP, has earned the certified Artificial Intelligence Governance Professional credential through the International Association of Privacy Professionals. Ms. Boettjer is a commercial litigation Partner who focuses on litigating complex business matters and counseling clients on data privacy, information management, data lifecycle management, eDiscovery, the use of artificial intelligence in legal and business matters, and artificial intelligence governance.

AI governance professionals are tasked with the critical responsibility of evaluating AI, integrating relevant standards and best practices, and developing and implementing strategies for compliance with applicable laws and regulations. With the global expansion of AI technology, there is a rapid, cross-industry need for these professionals to understand and execute AI governance in a safe and responsible manner. The AIGP credential demonstrates Shannon Boettjer has the competency to build, use and manage AI to prevent unnecessary risk or harm to their organization, its customers or the public.

The AIGP certification was developed and launched by the IAPP in tandem with the IAPP AI Governance Center. Ms. Boettjer joins the ranks a robust community of qualified AI governance professionals who are working to establish trustworthy, safe and responsible AI worldwide.

"AI technology is transforming industries across the globe, and with that transformation comes a critical need for governance to ensure ethical and compliant use. Attorneys like Partner Shannon Boettjer, who have earned the Artificial Intelligence Governance Professional certification, play a vital role in helping organizations implement responsible AI practices. This certification demonstrates a commitment to managing AI in a way that safeguards businesses, their customers, and the public, ensuring that AI serves as a tool for progress without compromising safety or trust," said Partner Steven R. Schlesinger of Jaspan Schlesinger Narendran LLP.
