

Heart of the Community Award

is presented to

America's VetDogs®

Mission: To help those who have served our country honorably live with dignity and independence. The service dog programs of America's VetDogs® were created to provide enhanced mobility and renewed independence to United States veterans, active-duty service members, and first responders with disabilities, allowing them to once again live with pride and self-reliance. Not only does a service dog provide support with daily activities, it provides the motivation to tackle every-day challenges.

Jaspan Schlesinger LLP was introduced to America's VetDogs® and the wonderful things they do by a long-term client of the Firm. We have been happy to support their mission over the last several years and look forward to continuing involvement with this great organization.
